**TEH HSIN ENTERPRISE PHILS. CORPORATION**  
MAKERS OF QUALITY CONCRETE POLES AND PILES

# CORPORATE PROFILE

TEH HSIN ENTERPRISE PHILS. CORPORATION was organized in May of 1997 primarily to manufacture and supply Quality Centrifugal Prestressed Concrete Poles, Piles and Anchor Blocks to the Philippine market.

The Company was formed thru a joint venture with TEH HSIN ENTERPRISE CO. LTD., a company certified to ISO 9002 with extensive experience in the manufacture of high quality concrete poles and piles in Taiwan since 1979.

TEH HSIN ENTERPRISE PHILS. CORPORATION has been supplying quality concrete poles for years now to our still growing clientele composed mainly of electric companies and cooperatives, telecommunication companies, contractors, developers, government owned and controlled corporations and other end-users throughout the country. To date, TSP's regular customers number over 100 major companies in the Philippines and promises to increase as the 21st Century ushers in new technologies and developments that will make more companies aware of our products and their advantages.

TEH HSIN ENTERPRISE PHILS. CORPORATION has already been awarded the prestigious certificate of registration of compliance to PNS/ISO 9001:2015 and has over 300 employees fully trained and competent to provide customers with quality products and services made to the most exacting specifications and provided at specified dates and at reasonable prices. It also boasts of a highly mechanized and well maintained production facility and administrative offices in Bo. Caniogan, Calumpit, Bulacan covering an area of more than 52,000 square meters.

Equipped with a quality management system consistent with international standards, hardworking and dedicated employees, and an extensive knowledge in concrete technology, TSP is looking forward to a bright future as the government together with the private sector continues its drive to develop and upgrade electrification and telecommunication facilities in the country.

TEH HSIN ENTERPRISE PHILS. CORPORATION believes that people are true source of vitality, growth and continuity of company, that is why TSP is sending its people to trainings and seminars to improve employees job performance to better serve its customers. TSP is also guided with its health and safety standard in its operation, since we implement a Zero Accident Program.
